Exhibit A  
SB 9-01/02

**Resolution in Support of Dining Services use of Shade Grown Organic Coffee**

A resolution stating ASUM's support for The University of Montana Dining Services to purchase and sell certified organic, Fair Trade, and shade-grown coffee from a ~~local supplier of Fair Trade coffee.~~ *supplier.*

WHEREAS, many students support a shift to more socially conscious and environmentally responsible practices at The University of Montana; and

WHEREAS, many coffee farmers receive market payments for their coffee which are less than the costs of production, forcing them into a cycle of poverty and debt; and

WHEREAS, intensive coffee farming also leads to environmental problems, such as pesticide pollution, deforestation and the extinction of some bird species through habitat destruction; and

WHEREAS, Fair Trade works to correct these imbalances by guaranteeing a minimum price for the small producers' harvest, as well as encouraging the cultivation of coffee without the use of pesticides; and

WHEREAS, with the profit generated from receiving a fair price, coffee growers are able to invest in such areas as health, education, and environmental protection; and

WHEREAS, more than 550,000 farmers in 21 countries produce and sell more than 32 million pounds of coffee each year through the Fair Trade network; and

WHEREAS, the United States consumes a fifth of all coffee produced in the world, and as a whole consumes the greatest amount of goods and services in the world, invests the most capital, and thus wields tremendous influence in the global economy; and

WHEREAS, as a purchaser of goods and services, The University of Montana has a responsibility to ensure that funds are spent in a manner consistent with decent ethical and labor standards, including assuring that workers are paid a ~~living~~ *fair* wage, and purchasing goods made in the most fair manner when possible; and

WHEREAS, a change towards sustainable coffee will bear positively on the University and its students, by setting an example in the community and furthering education about responsible consumer choices;

THEREFORE BE IT RESOLVED THAT, insofar as is judged practical and feasible by Dining Services management, The University of Montana will purchase ~~all its coffee from the most~~ *from the most* socially and environmentally responsible ~~cooperatives available~~ *suppliers available*; and this coffee purchased shall be organic, shade-grown, and Fair Trade certified by independent certifying agencies; and

THEREFORE BE IT ~~FURTHER RESOLVED~~ THAT, Dining Services purchase this coffee for all Dining Service uses by Spring Semester ~~2002~~ *2003* and into the continuum;

THEREFORE BE IT FINALLY RESOLVED THAT, ASUM encourages university and community leaders to adopt a similar policy for social and environmental responsibility whenever possible in the future.

SB15-01/02

**Resolution Supporting the Addition of Maurice Street Sidewalks to be Added to the City of Missoula's ADA Master Plan**

*as*  
**Whereas**, there is not accessible sidewalk access from University Villages to The University of Montana campus for students who cannot navigate stairs;

*the only way for those students to get to campus*  
**Whereas**, currently these students must go into the street to commute from the villages to campus; *is to use the street which is dangerous to other pedestrians and automobiles travelling on Maurice Street.*

**Whereas**, using the street in a wheelchair poses a serious safety hazard for automobiles and especially those using the wheel chair;

**Whereas**, this section of sidewalk is under city jurisdiction and out of the hands of The University of Montana;

**Therefore let it be resolved**, that the Associated Students of the University of Montana strongly encourage the City of Missoula to make Maurice street a priority in the sidewalk master plan to help ensure the safety of pedestrians and other traffic between the University of Montana campus and the University Villages.
